Who is Freespace?

Pioneers in workplace performance solutions that power...

Portfolio
Optimisation

Workplace Design
and Change

Employee
Engagement

Smart
Infrastructure

...and returning to, rebalancing and rejuvenating the workplace

The big questions

EMPLOYEE

“When should I come in and will I have socially distanced, clean desk near my colleagues.”

REAL ESTATE MANAGER

““Have I got the right amount of real estate to support hybrid working”.”

FACILITIES MANAGER

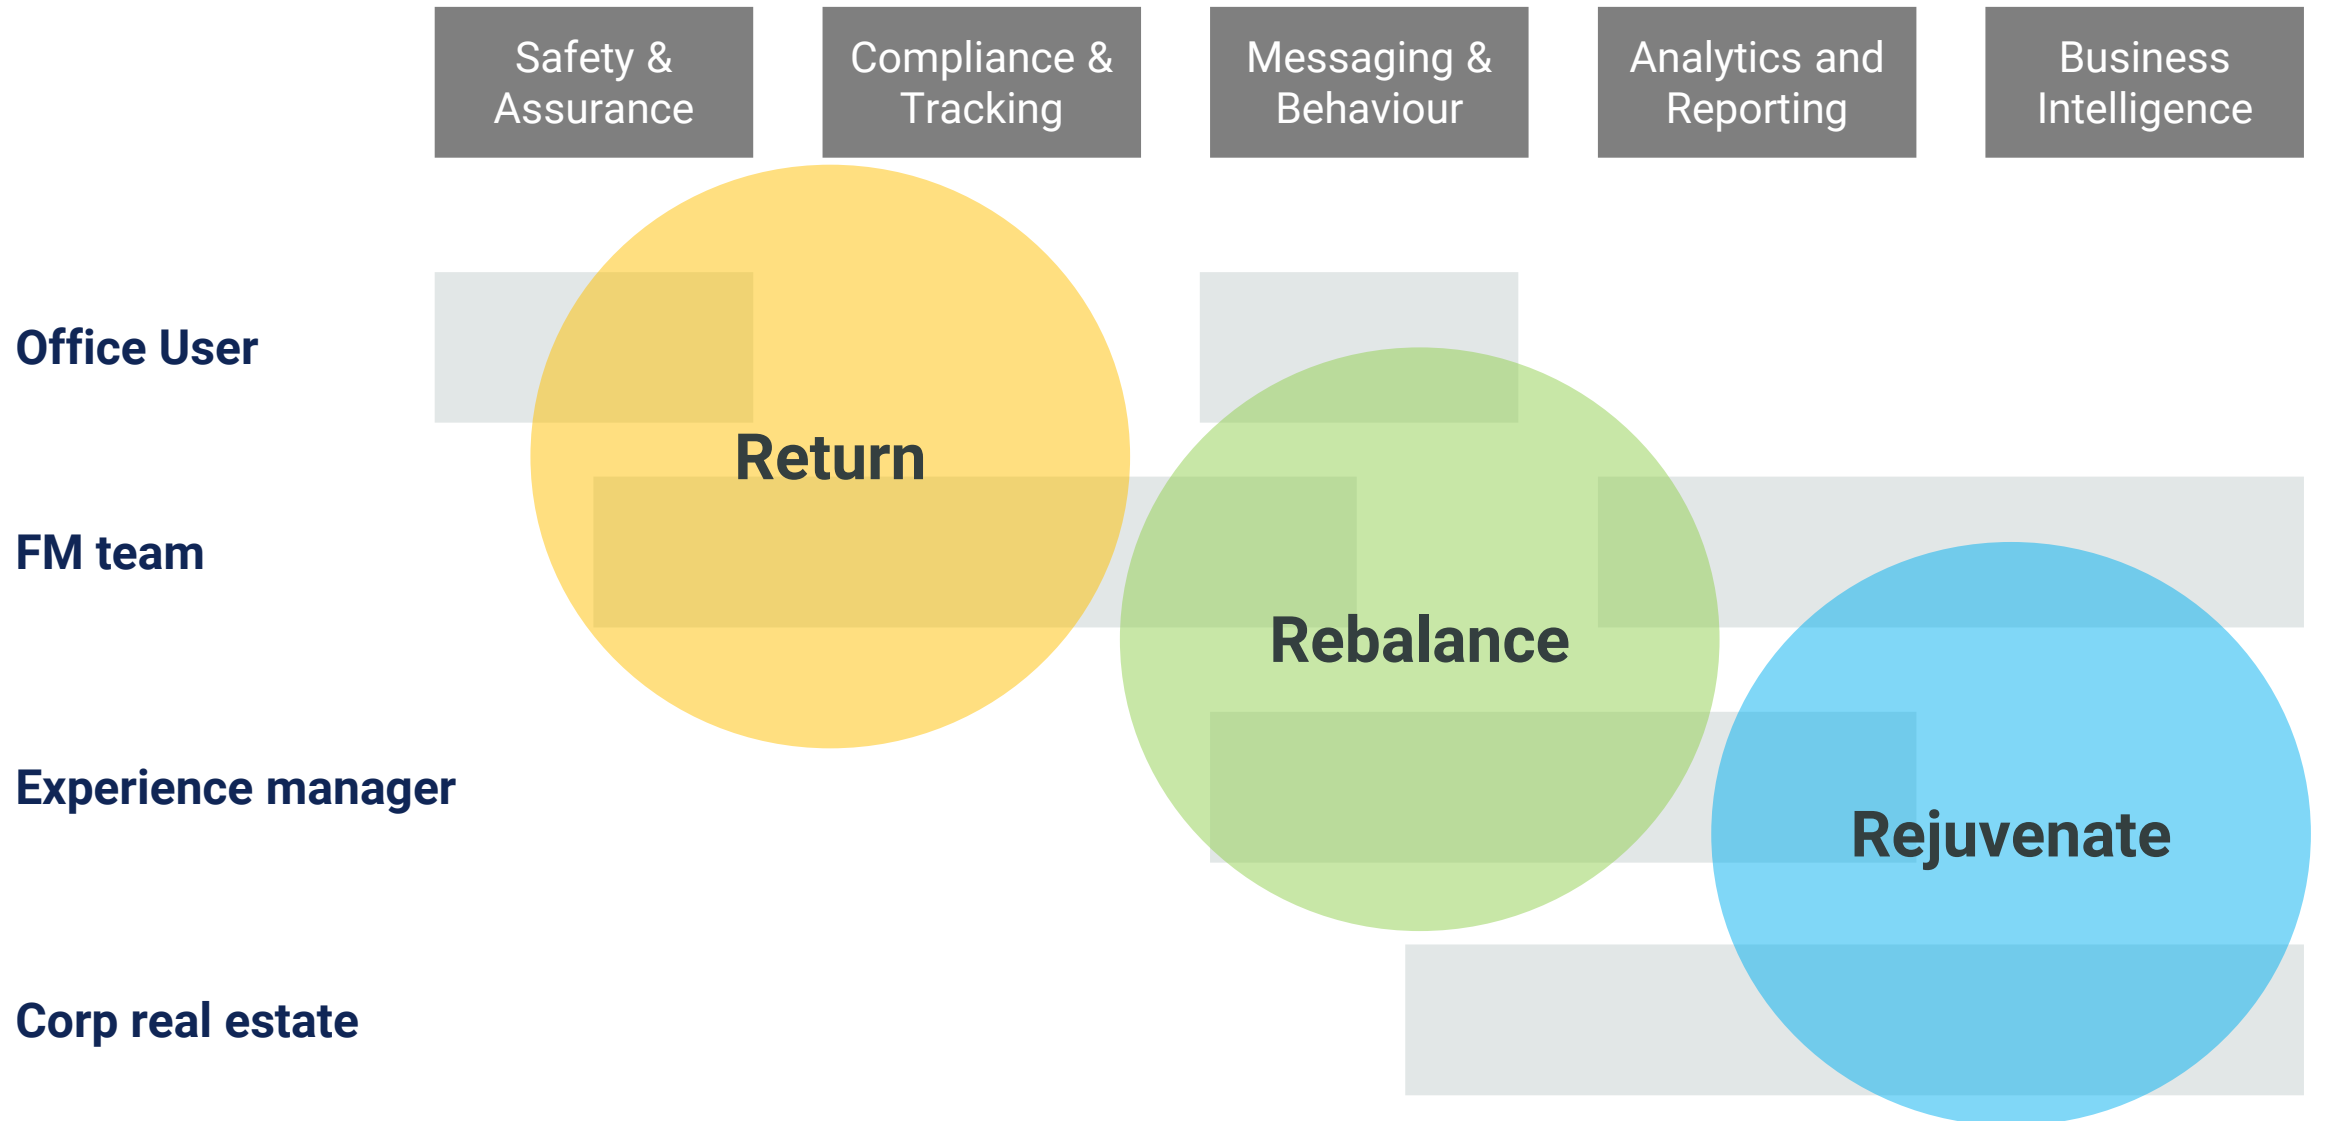

“How can we deliver a tailored service based on occupancy demand.”

WORKPLACE / HR MANAGER

“What design and mix of space types do we need to support the new world”

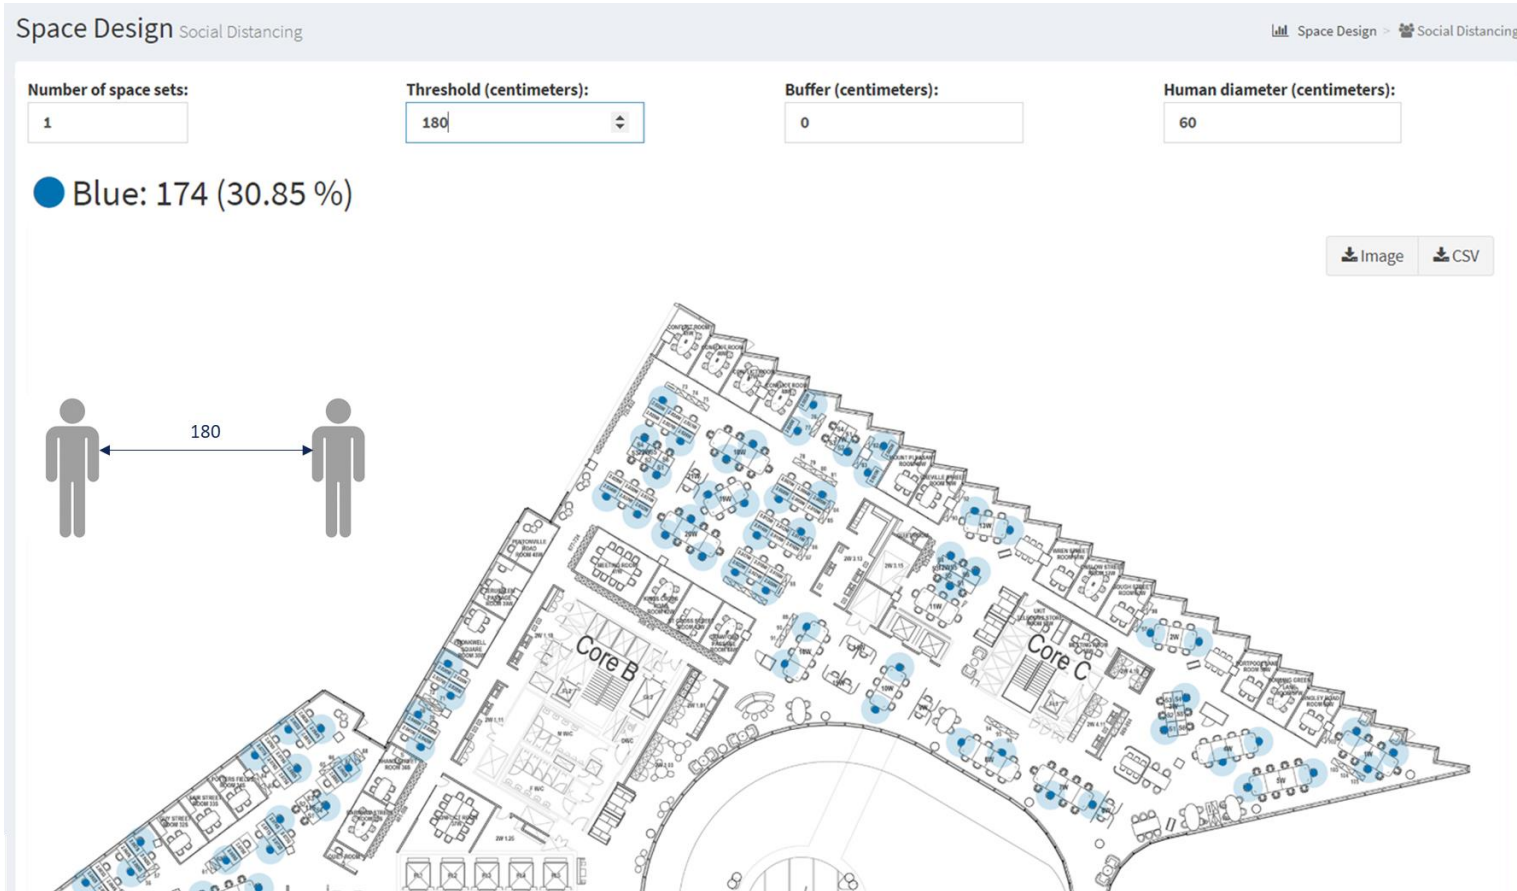

Pathway to the new workplace

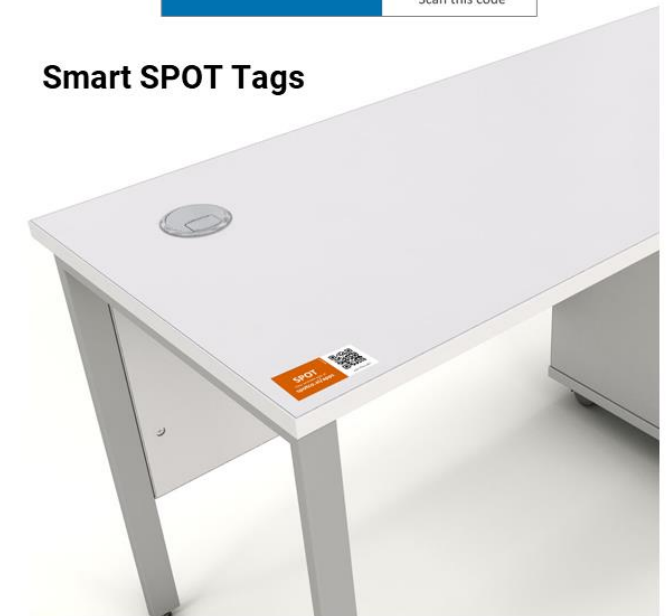

Ensure Social Distancing

Social Distancing Design and SPOT

Dynamic Space Allocation

Users want simplicity, you need control

Planning

Dynamic Allocation

Users choose when they come in

Users set all their preferences

You set the rules for allocation

You control when spaces are released

Freespace allocates based on available spaces

Check-In and Assurance

Capture actual presence, assure with confidence

Check-in based on unique QR code – better traceability

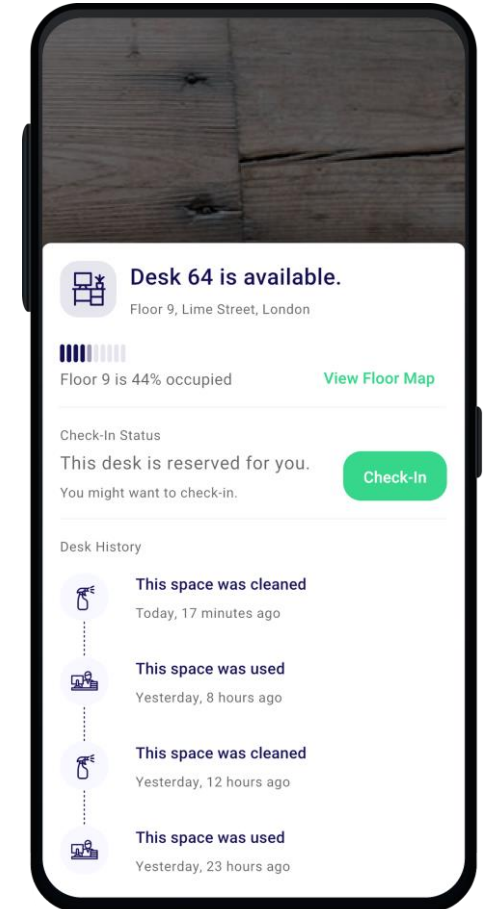

Not based on GPS – inaccurate and user may decline sharing

Assure based on previous occupancy time

Assure based on previous cleaning time

Check-In

Reassure

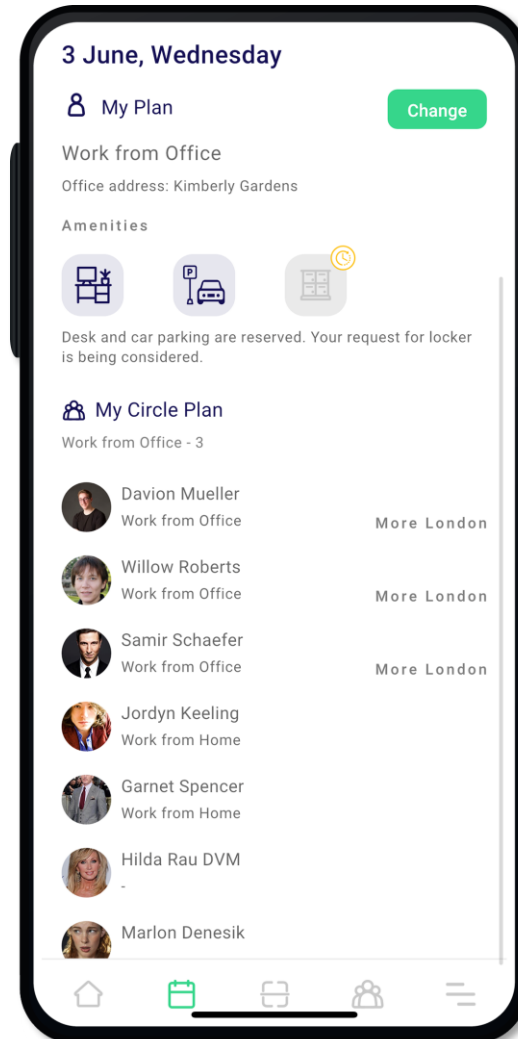

My Circle – A Primary Need for the Office

Facilitate collaboration

A permission-based system

Your inner circle of collaborators

Plan your day together in the future

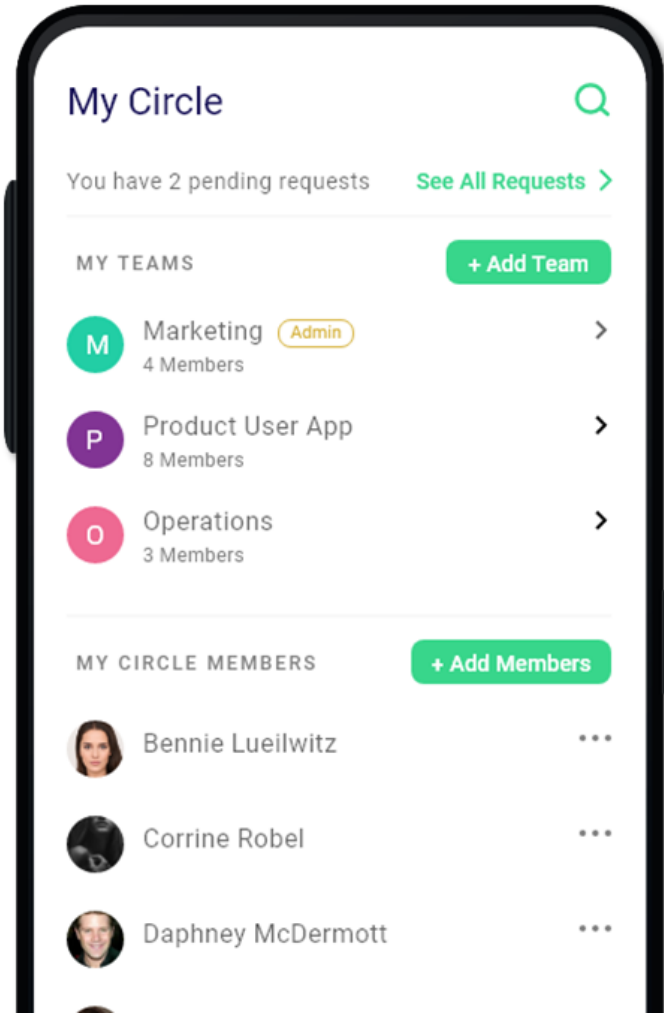

Create your teams from your Circle

Choose your office location together

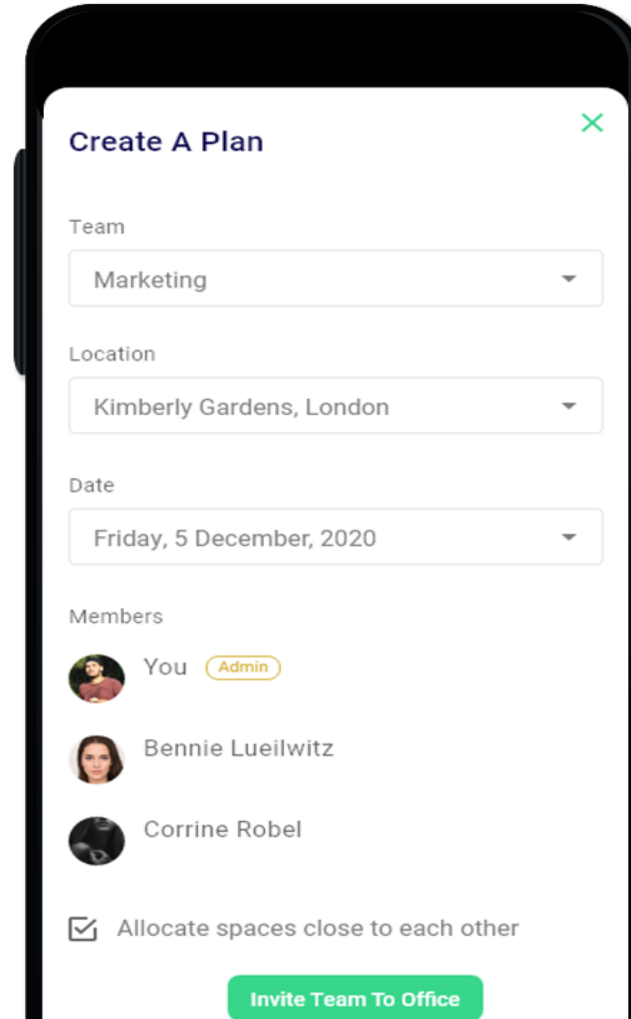

Let the system find the best spaces for all of you

My Teams – Quickly Reserve Team Space

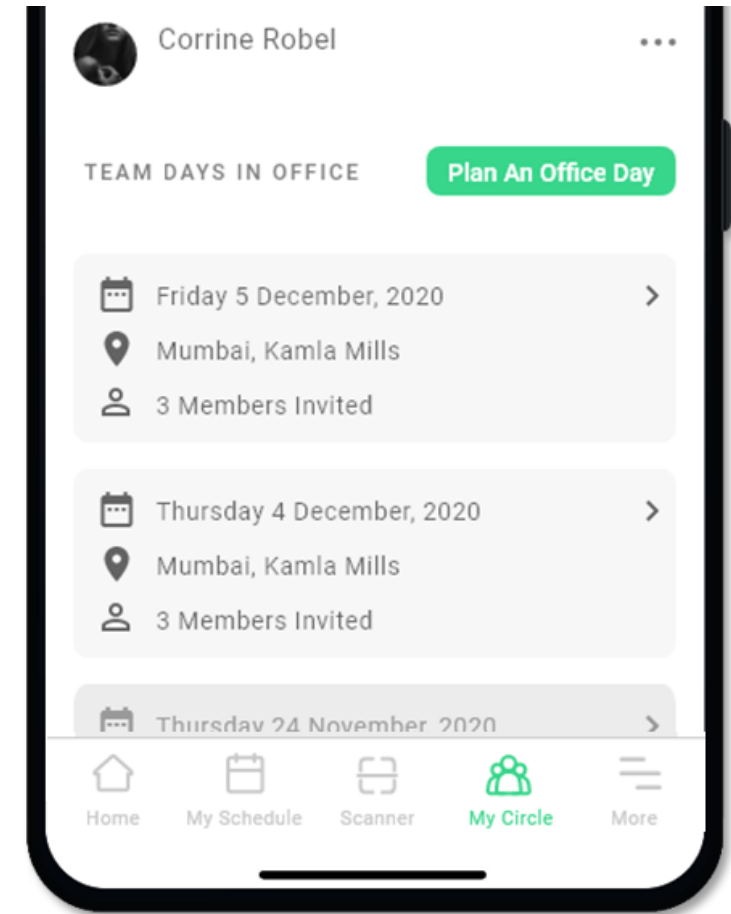

Create teams

Plan and book team days

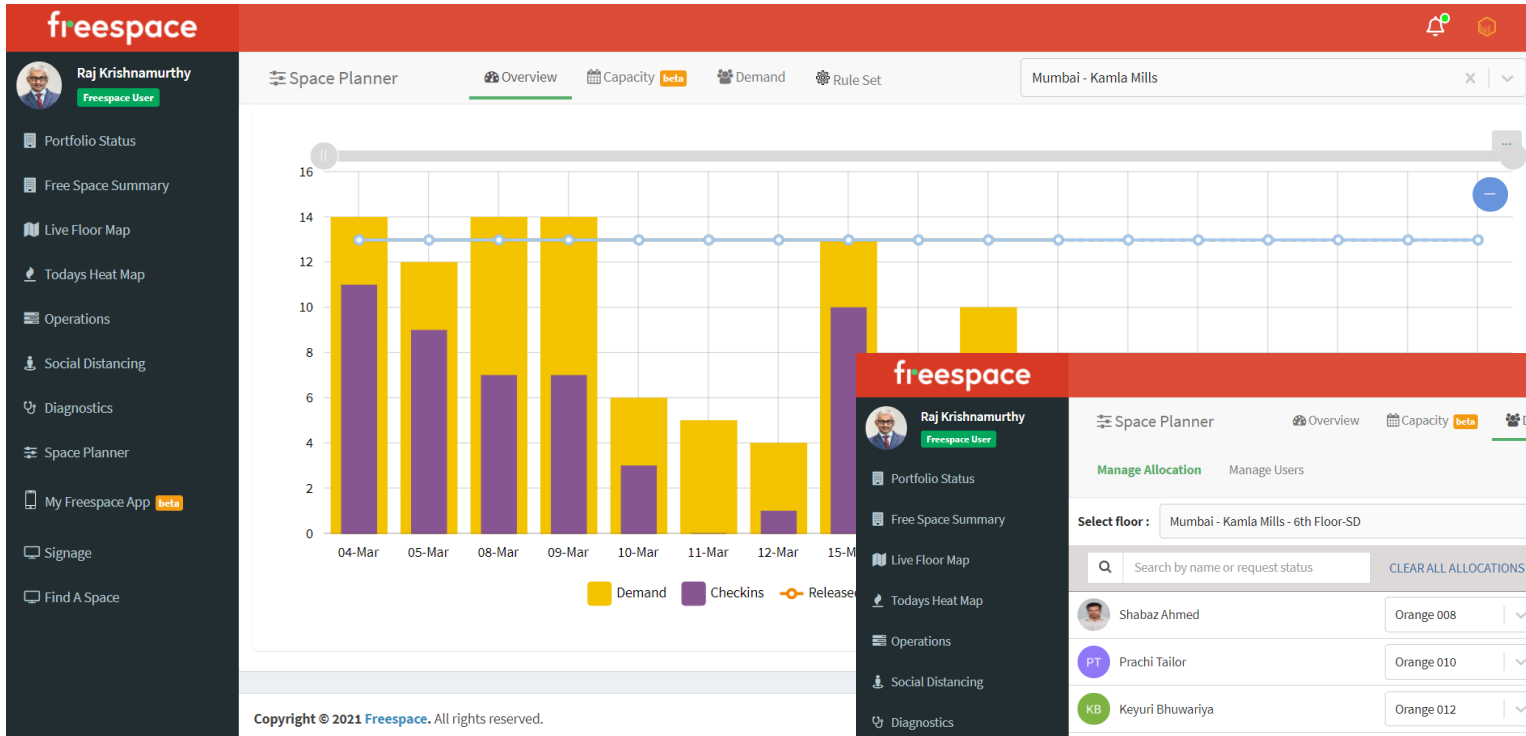

Manage multiple team days

Capacity and Demand Management

Plan, control, allocate and manage dynamically

- Plan capacity based on demand
- View forecast demand
- Manage shifts and rotas
- Manage dynamic capacity change

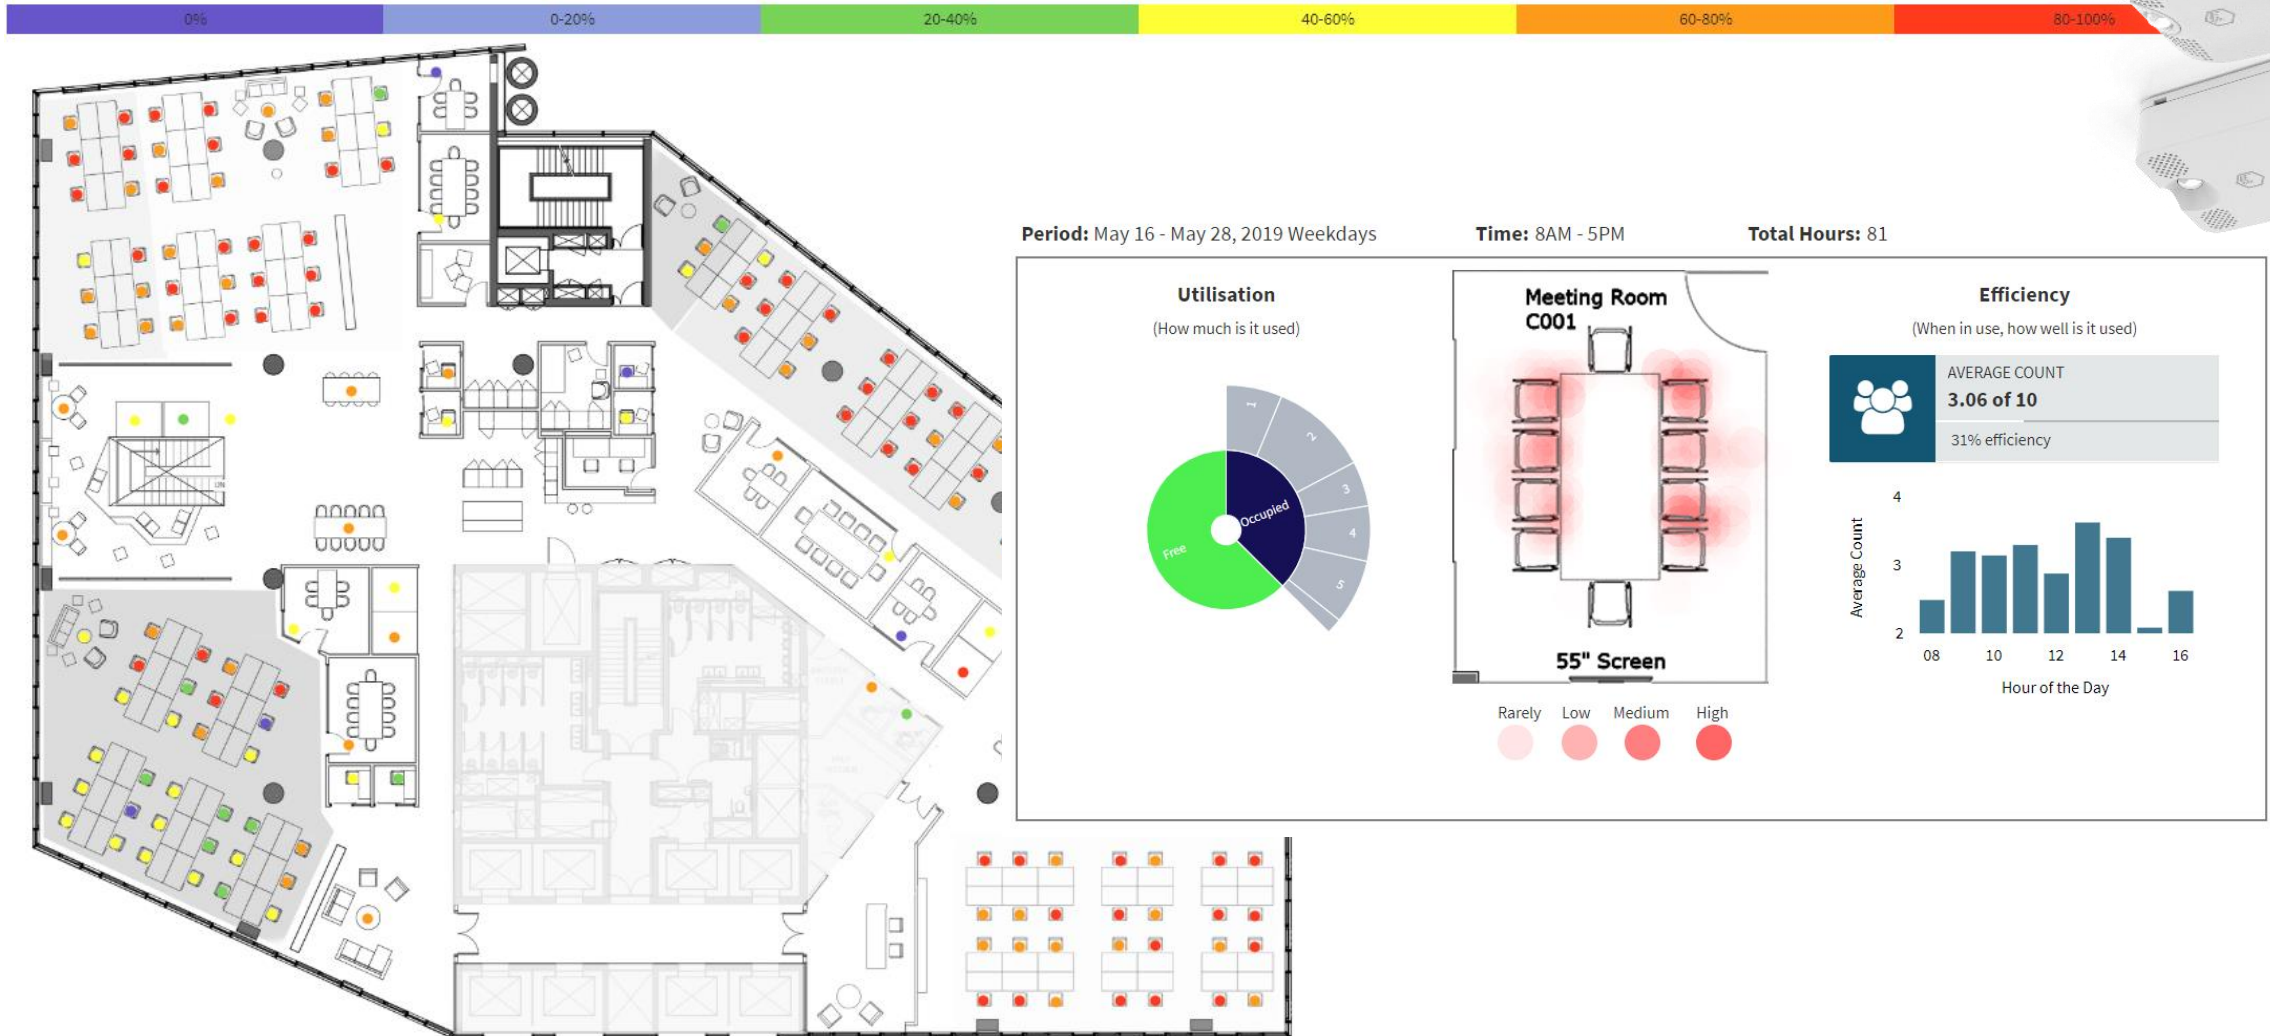

The screenshot shows the 'Manage Allocation' interface for 'Mumbai - Kamla Mills - 6th Floor-SD' on '17 Mar, Wednesday'. It displays a list of users with their assigned spaces. The interface includes a search bar, 'CLEAR ALL ALLOCATIONS', and 'Show available spaces from all departments'. A floor plan view on the right shows the layout of the floor with user icons placed on specific desks. The bottom of the interface includes a 'PRINT' button and a 'Save Allocations' button.

User	Assigned Space
Shabaz Ahmed	Orange 008
Prachi Tailor	Orange 010
Keyuri Bhuwariya	Orange 012
Deepak Kumar	Orange 005
akash	Orange 009
Sudhir Kumar	Orange 001
Nitish Kumar	Orange 013
Rutuja Mandale	Orange 006

- Set up allocation rules in the backend
- Allocate after attestation questionnaire
- Set up weekly schedules and plans
- User behaviour based system learning
